With respect to the change(s) requested, correcting Office and/or Applicant's errors, should the patent read as shown in the certificate of correction (COCIN)? No new matter should be introduced, nor should the scope or meaning of the claims be changed.

Line 8, appears to be a change made by Examiner and appears to be correct as printed in the printed patent;

Line 9, appears to be reinstating changes text/data deleted by Amendment D filed Nov. 15, 2000 (paper #15) and *applicants' error?*, since there appears to be no other amendments to this data; and undoing changes made by Examiner? Please note below whether/which requested changes are appropriate and should and/or should approved, approved in part and or denied.
